## **UNTITLED**

This piece designed for a private garden does not shut out the trees behind it. It is fully transparent and can be entered by a door on one side. From the top of the long garden it looks quite narrow, but as you walk around it, it opens out into many lobes.

**COMMISSION:** Anne Wood CBE

**MATERIALS:** Stainless steel and mesh.

**DIMENSIONS:** 240 x 350 x 390 cm.
